Dear Prina,

Thought you might be interested  
in this nice article about your nephew's  
home-building business (from the 3/96 SAHBA  
Home Builder).

Scott was happy to review the  
priority house work I needed bids on in  
December, smart enough to decide the work  
was not for him -- and courteous enough to  
let me know he would not be bidding.  
He'll do all right in business.

Sincerely,  
Gordon
